Greetings from HPIL

Welcome to **HARDIK PRECISION AUTOMOTIVE INDUSTRIES LLP** — A Trusted global partner in high-precision automotive and other industrial engineering, advanced manufacturing, and international trade solutions. At HPIL, we specialize in the manufacturing, import, and export of premium-quality precision automotive components and other industrial engineering products, delivering excellence from India to global markets. Driven by innovation, precision, and customer satisfaction, we are committed to providing reliable, cost-effective, and technologically advanced solutions that meet the highest international quality standards. With a strong global presence and strategically located sales, engineering, and manufacturing operations across India, China, and Germany, HPIL is well-positioned to serve customers worldwide with efficiency, consistency, and unmatched technical expertise. Our strength lies in combining advanced manufacturing capabilities, strict quality control systems, and a customer-centric approach to create products that deliver superior performance and long-term reliability. From precision engineering to global supply chain solutions, we continuously strive to build lasting partnerships based on trust, quality, and innovation. At HPIL, we believe in shaping the future of automotive other industrial engineering through precision, technology, and excellence.

ONE-STOP GLOBAL SUPPLY & SOURCING PARTNER

FOR INDUSTRIAL SOLUTIONS WORLDWIDE.

OUR TEAM

Hardik Precision is a trusted Manufacturing and Trading company committed to delivering high-quality Automotive , industrial, engineering, packaging, , FMCG, medical, and customized product solutions. Backed by a highly experienced team, advanced manufacturing capabilities, and all required regulatory compliances and business licenses, we provide end-to-end solutions from product development to final delivery.

With a strong network of domestic and international partners, we specialize in manufacturing, procurement, sourcing, contract manufacturing, and global trade services. Our expertise enables us to offer cost-effective, reliable, and customized solutions that meet the diverse requirements of customers across multiple industries.

BLOW MOLDING PACKING SOLUTION

HARDIK PRECISION is a leading provider of innovative packaging solutions with over three decades of experience. We serve a diverse range of industries, including Beauty & Personal Care, Home & Household Products, Pharmaceuticals & Healthcare, and Food & Beverage. With a loyal customer base exceeding more brands, we have built a strong reputation for delivering high-quality, customized packaging that meets the unique demands of each sector Beauty & Personal Care, Home & Household Products Pharmaceuticals & Healthcare , Food & Beverage or any industries . We specialize in delivering fully customized solutions based on customer needs and technical requirements. Complete in-house capabilities covering design, engineering, tooling, and production under one roof.

END-TO-END PACKAGING SOLUTIONS FOR, PHARMACEUTICAL ,HEALTHCARE FOOD & BEVERAGE, PERSONAL CARE , BEAUTY, HOUSEHOLD , AND PRODUCTS –TAILOR-MADE TO YOUR SPECIFICATIONS.

OUR

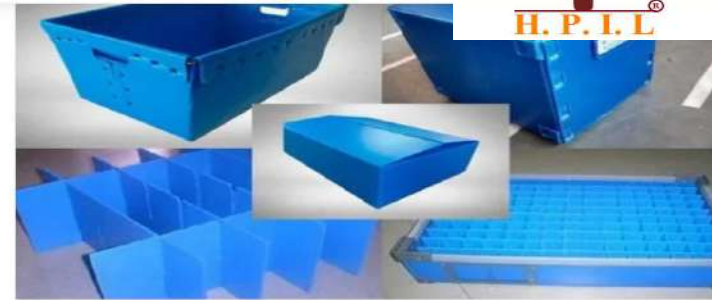

VACUUM FORMING PARTS & PACKAGING

Hardik Precision Vacuum Forming Parts & Packaging Solutions We specialize in the design, development, and manufacturing of high-quality vacuum formed parts and packaging solutions for a diverse range of industries, including automotive, electronics, medical devices, pharmaceuticals, consumer goods, food & beverage, industrial equipment, and retail packaging. Combining advanced thermoforming technology with precision engineering, we deliver products that offer exceptional durability, functionality, and visual appeal while meeting the highest industry standards. Our comprehensive capabilities extend from concept development and tooling design to prototyping, production, and final delivery, providing customers with a complete end-to-end solution under one roof.

OUR

PRODUCT RANGE PP BOX PACKING

Hardik Precision manufactures high-quality Polypropylene (PP) Corrugated Boxes that serve as the perfect alternative to traditional cardboard and wooden packaging. Our PP boxes are engineered for durability, offering superior protection for your products during transit and storage.

- 1:-Designed for returnable packaging systems with hundreds of reuse cycles
- 2:-Resistant to moisture, chemicals, and impact damage
- 3:-Available with custom printing, inserts, partitions, and locking mechanisms
- 4:-Eco-friendly and 100% recyclable, supporting sustainable supply chains

Hardik Precision PP boxes are manufactured using state-of-the-art CNC cutting, ultrasonic welding, and Riveting technologies, Velcro to ensure precision and consistency across every batch. Whether you need small component boxes or large pallet-sized containers, we deliver custom solutions tailored to your exact requirements.

OUR Mold Equipment

Milling Machines: 12sets

EDM: 11sets

Wire Cutting Machines: 3sets

Grinding Machine: 6sets

Gun-drilling Machine: 2sets

Spotting Machine : 1set

Tapping Machine: 2set

Tryout Machines: 5sets

CMM: 2set

Injection machines from 80T to 1,000Ton

With CMM equipped directly into the CNC machines, it makes us able to have high quality performance on accurate steel cutting!

The heritage of rigorous and pragmatic tradition of behavior and thinking does not conflict with the mold making field with the application of the modern high-tech equipments. Just by taking the complements from both methods, HPIL is well able to fulfill our commitment to the customers “high quality, high efficiency and lower cost”.

OUR Equipment

HPIL Equips with 08 sets injection 4 blow molding machines from 80T to 1,000 T for the mold tryout and volume production. We can outsource the 1,000 T 2K injection machine and 2,500 T single-shot injection machine in one hour's driving way. We can provide the full dimensional inspection report, tryout parameter report, part samples, and long-time continuous production and tool testing video Etc. based on the customer request.

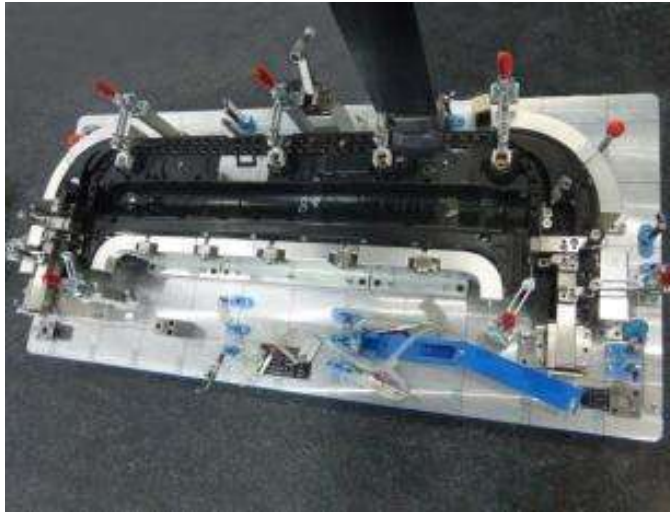

HPIL is an ISO 9001-2015 & ISO/ TS16949 Certified Company

OUR

QUALITY

HPIL-KUASU is an ISO/ TS16949 & ISO 9001-2015 certified company , and all tools are built to the APQP standards, plus using German and Japanese steels, all components have to be closely inspected in climate-controlled environments prior to mold assembly to ensure the highest level of accuracy in every tool we built. Our rigorous mold testing includes complete 1st article inspection report per customer supplied part drawing. In additional we can supply full capability studies to include dimensional PPAP report and Gage R&R testing. Upon the completion of sampling and part approval, each tool goes through a 100% final inspection before delivery.
